

February 2016

Dear Parents and Guardians

Following my email last term regarding the use of social media and our girls, I am delighted to be able to confirm that we will have the highly regarded Cathy Wood coming to speak at Heathfield on **Friday 4 March**.

She will be speaking to the entire school in different groups throughout the morning and will be meeting with parents from 1.40pm to 3.00pm, immediately before the girls leave for Exeat. Cathy will be addressing the issues many of you raised to me last term and I cannot recommend her highly enough. Her talk is as important and relevant for VIth Form girls (applying to universities and the world of work) and their parents as it is for our youngest girls. Not only does she address the essential areas of safety and security online, but she also helps young people understand the importance of the image they present of themselves on social media.

To ensure that we have appropriate seating and refreshments available for you, please confirm whether you will be attending, by completing the tear-off slip below. Alternatively you can email your reply to Patrizia von Sachsen-Altenburg: [pvsaltenburg@heathfieldschool.net](mailto:pvsaltenburg@heathfieldschool.net)

Best wishes

Kathryn de Ferrer  
Director of Pastoral and Co-Curricular Activities
